THREE CENTS

CHAPMAN'S SENTENCE COMMUTED BY PRESIDENT

PATH CLEARED FOR SPEEDY ENACTMENT OF TAX REDUCTION

House To Dispose of Bill
Before Tackling Oth-
er Business.

TEST STRENGTH
OF REPUBLICANS

Insurgents To Be Welcomed
Back If They Go Along
With This Bill.

Washington, Nov. 25.—The path
was cleared today for the speedy
enactment by the house of the new
\$135,000,000 tax reduction bill.

Under an agreement of administra-
tion leaders, the house will dis-
pose of the revenue measure before
tackling any important business.
Even organization of committees will
be held up until the tax bill is passed,
according to the plans.

As a result, Republican chiefs de-
clared today that the house would
finish the bill within two weeks after
the session opens. It is believed this
will give the senate ample time to
conclude with the measure before
March 15, when tax returns are due.

Aside from the desire to have the
tax changes written into the law as
speedily as possible, house leaders
have another purpose in mind in rout-
ing the revenue legislation ahead
of all else. It is their intention that
the vote on this measure shall be the
test of the Republicanism in the
house. They plan, if the so-called
house insurgents vote for the bill
substantially as reported by the ways
and means committee, to welcome the
La Follette group back into the Re-
publican caucus with open arms.

Another Test
The insurgents then would be given
regular assignments and would be
treated generally as Republicans in
good standing.

Another test in the minds of admin-
istration supporters, would be the
vote on the speakership of the house.
If the insurgents go along and vote
for Rep. Longworth, (R) of Ohio, that
also would cause them to be greeted
once more as Republicans in good
graces.

Such is the program of administra-
tion leaders. The insurgents them-
selves, however, did not welcome the
news as joyfully. Those of the La
Follette group who are here said to-
day they would not be "coerced" on
the tax bill or the vote for the speak-
ership. They said their votes on these
questions would be determined when
the occasion arose.

It is known, however, that many of
the progressive faith intend to bom-
bard the tax bill with amendments.
They particularly desire to lift the
surplus rates and increase exemptions
for the "little fellow." A few even
may counter with a separate tax
bill.

With Republicans and Democrats
on the campaign voting identically on
the main issue, in the measure, the
bill early passed by the house was
generally conceded today. There will
be efforts to change some features,
but the administration's strength is
so solid, and the desire of all members
of congress to reduce taxes so strong,
that few believe the measure will be
altered in any substantial manner.

GRANGE ATTRACTS CHICAGO CROWDS

Thousands Demand Tickets
To See Illini Flash
On Turkey Day

Chicago, Nov. 25.—Only 18 men
the entire playing personnel of the
Chicago Bears, have been admitted to
the National League baseball park
here during the last few days as Har-
old "Red" Grange is tutored in the of-
fense that will feature his initial
fling at professional football against
the Chicago Cardinals tomorrow.

Grange will perform at left half-
back for the Bears, listed on the of-
ficial program as "No. 77," a title that
had trailed him through his three
years of college football.

The Cardinals, however, have the
better record, having defeated the
Bears once this season and are be-
lieved to be a stronger organization.

The bedlam that haunted collegiate
ticket sellers during Grange's three
years at Illinois, has engulfed box
office employees at the Cubs park and
in loop booths, where jams have
halted traffic for two days. Two hun-
dred thousand persons are seeking a
portion of the available 40,000 tickets.

Breach of Promise Suit Stirs County

New Lexington, O., Nov. 25.—Cher-
line that he promised to marry her
in April, 1925, but failed to do so.
The Lexington Pioneers, a divorce
of Thonville, threw this county into
a blaze of excitement today with a
breach of promise suit against H. H.
Edmond, banker of Thonville. She
demanded \$50,000.

Edmond has been prominent in the
political and business life of this vic-
inity for more than 25 years.

TOLEDO IS QUIET AS CLUB KILLER FAILS TO APPEAR

Toledo, Nov. 25.—With another day
passed without the return of Toledo's
maniac club wielder, who has killed
two women and injured seven others
since he began his activities last May
Chief of Police Jennings today again
expressed the hope that either the
killer was among those rounded up
in the drive on mental defectives or
had fled the city.

Meanwhile, with the rewards for
his capture increased to \$1,500 active
watch was to continue in the fas-
hionable West End section tonight of
police and trained men who have vol-
unteered their services.

Women were still keeping closely
to their homes after nightfall and
one expressed the view that it was
rather a lack of victims than other-
wise that had caused a cessation of
the clubber's activity.

FRANCE'S CREDIT IN COMMERCIAL WORLD SAGGING

American Attitude Toward
Nations Not Funding
Debts Revealed.

Washington, Nov. 25.—The govern-
ment's frowning upon loans to those
countries which have not funded their
war debts to the United States—
principally France—is beginning to
have an effect in the commercial rela-
tions between the two countries, it
was learned today.

French credit in the exporting and
importing world has sagged appre-
ciably since M. Caillaux returned to
Paris without settling the debt, some
American exporters, for instance, be-
ing reported to the department of
commerce as refusing to send goods
to France except on a "cash in ad-
vance" basis.

This led the department today to
issue a reassuring word to business
that irrespective of what the French
government's credit may or may not
be, commercially business should go
on as it always has.

The department disclosed that an
American consul in one of the dis-
tricts of France reported that buyers
there are unable to trade with export-
ers of the United States because they
cannot meet the cash in advance
terms demanded.

Application of the same principles
that govern domestic trading in grant-
ing of credit in foreign markets is ad-
vocated by the department.

"Some exporters are convinced," an
official said, "that there are even
fewer hazards with foreign than do-
mestic accounts, since most of the
transactions abroad are on a definite
acceptance basis of time drafts, which
prescribe a specific date of payment
of the obligation."

COAL CONFERENCE MAY BE RESUMED

Recent Developments In the
Strike Situation Are
Significant, Belief

Philadelphia, Nov. 25.—Significant
developments today in the anthracite
coal miners' strike situation indicate
that negotiations probably will be
resumed between the operators and
miners, according to several coal
men here.

Maj. W. W. Inglis, chairman of the
anthracite operators' scale committee,
has been summoned to Harrisburg to
confer with Gov. Gifford Pinchot on
the strike problem late this after-
noon.

Gov. Pinchot's telegram to Inglis
calling the spokesman for the opera-
tors to a conference is regarded by
observers as indicating that a favor-
able development is about due. About
two weeks ago the governor talked
with Inglis and Lewis separately.

On Monday Lewis held a three-hour
secret conference with J. Alvin Markle,
independent mine operator and chair-
man of the operators and miners ne-
gotiating committee.

Snow Fails To Halt Street Resurfacing

Only heavy rains can stop the re-
surfacing of Roosevelt ave. and to-
day, despite the heavy snow, the
Kelly & Meyer Co. is going ahead
with the work.

Paving has progressed to the foot
of the hill, being a considerable dis-
tance east of the railroad crossing.
Snow is brushed from the street as
the work progresses.

Two Safes Cracked In Marion Offices

Marion, Nov. 25.—Safe crackers
working the business section here
early this morning forced open three
empty safes in two business estab-
lishments and escaped.

Two safes were broken open in the
office of Malo Brothers, junk dealers.
A safe at the Riley & Fields garage
in the central business district was
also forced open.

Lists 14 Causes of Nation's 10 Billion Crime Bill

Nation's annual crime bill totals from 4 to 10 billion dollars annually, it is estimated by Bur-
dette G. Lewis, commissioner of institutions and agencies of New Jersey, noted crime expert. He
names better organization and leadership of the criminal element and complicated government as
two of the fourteen major causes of crime.

MAYOR ASSESSES TWO LIQUOR FINES

Re-Arrest Wellsville Man
After He Appeals Ver-
dict of Guilty

One defendant was found guilty
and re-arrested and another changed
a plea of not guilty to guilty when
two of four alleged bootleggers from
Wellsville were arraigned in mu-
nicipal court Tuesday afternoon.

Rocco Corbisella, whose trial took
most of the afternoon, was found
guilty of possession on Nov. 7 and
Mayor George E. Russell fined him
\$1,000 and costs. Through his at-
torney, W. E. O'Grady, of Wellsville,
Corbisella served notice of appeal to
the higher courts and his bond was
continued.

Proceeding this trial Mrs. Modesta
Lozzo changed her previous plea of
not guilty to guilty and the mayor
fined her \$200 and costs. She paid
\$100 in cash and made arrange-
ments to pay the balance within a
month.

The prosecution sprung a surprise
when they placed Corbisella under ar-
rest just as he was leaving the court
room on a second charge of posses-
sion. Two state dry agents, who
conducted the raids on six Italian
business places in Wellsville the af-
ternoon of Nov. 7, and who arrested
the four alleged bootleggers, stopped
at Corbisella's Tuesday noon on
their way from Steubenville, where
they had been operating, to Salem,
where they thought they would drive
to Salem, they found a quantity of
liquor behind the bar, which persons
in the cafe declared was not theirs.

The dry officers confiscated the
liquor and brought it to Salem, hold-
ing it a secret from Corbisella until
the first trial was over.

So much time was taken up by the
one hearing and by the excitement at-
tendant upon the second arrest for
possession, which was made by Chief
of Police T. W. Thompson on evi-
dence secured by the agents, that the
mayor postponed the hearing for the
other two defendants until next Mon-
day.

At that time Tony Venziale will
face a charge of possession and
Charles Prezza will face charges of
manufacture and possession. A
large still, found in operation, will
constitute the main evidence.

Capt. Higgins Speaks To Kiwanians Today

The Kiwanis club at its weekly
meeting Wednesday noon at the Elks
home, heard Capt. W. R. Higgins of
Alliance, discuss the "National De-
fense."

He has spoken in Salem a number
of times on matters pertaining to the
defense of the country, but he
brought out a number of new points
today. He was introduced by Al-
bert Morris, chairman of the meet-
ing.

Next week's meeting will be a busi-
ness session.

WHAT SOME OHIO CITIES "DISH UP" FOR TURKEY DAY

One Man Will Eat His Thanksgiving
Dinner in Prison, Another
Will Not Eat Any

Cleveland, Nov. 25.—Joseph Olah,
22, young convicted robber, will eat
his final Thanksgiving dinner in
Cleveland tomorrow for 49 years, if
his sentence is carried out.

After partaking of Sheriff Fred
Kohler's chicken dinner in the dis-
mal county jail corridors, Olah will
be taken to Columbus to begin a term
in Ohio state penitentiary.

SEARS HE'LL NEVER EAT TURKEY AGAIN

West Union, Nov. 25.—Lemuel
Tassner, farmer, swung the bat-
chet furiously at a gobbling tur-
key which lay reluctantly on a
block. He missed and took an end
off one of his fingers.

He swears he'll never eat an-
other bite of turkey.

HOLIDAY ALCOHOL SUPPLY SEIZED

Cleveland, Nov. 25.—Enough alcohol
to intoxicate northern Ohio, for the
holidays, said Assistant District At-
torney Howell Leuck, commenting
on the alcohol seized by federal pro-
hibition men from the Superior In-
dustrial Alcohol Co.

Different court actions are pend-
ing to determine whether the quar-
ter of a million gallons seized shall
be taxed as beverage alcohol, re-
turned to the company, or sold by the
government.

FLYING CONFUSES FLOCK OF GEESE

Shelby, Nov. 25.—An airplane,
flying across the path of wild
geese headed for the sunny south-
land, confused the leaders here,
and the flock milled around help-
lessly for a while.

After much honking, the aerial
procession resumed its journey
to Miami and other winter resorts.

MAY ENJOY SLEIGHING ON THANKSGIVING

Northfield, O., Nov. 25.—Sleighing
for Thanksgiving was promised here.
Even without today's heavy snowfall,
L. C. Wright, old resident, said the
snow was eight inches deep. He used
a snow plough three times, he de-
clared.

In nearby Cuyahoga Falls, though,
a resident reports a lilac bush in full
bud.

LITTLE CELEBRATING AT THIS COLLEGE

Springfield, Nov. 25.—There'll
be little Thanksgiving celebration
at Wittenberg college. The facul-
tety today denied the petition of
225 students for vacation on Fri-
day as well as Thursday.

A previous petition signed by
150 students had met a similar
fate.

CHICKEN BONE WILL STOR TURKEY

Ellyria, O., Nov. 25.—John Carver,
of North Olmstead, will be unable to
eat the customary turkey on Thank-
sgiving. He already has a chicken bone
lodged in his throat and an x-ray ex-
amination has been made in an effort
to remove the impediment.

PARK COMMISSION NAMED BY MAYOR

Charles Sweeney, Chairman
H. H. Sharp, Mrs. Dunn
Other Members.

Appointment of the new city park
commission was made today by Mayor
George E. Russell. The members, who
will take office Jan. 1, and will serve
without pay, are Charles Sweeney,
three years, chairman; H. H. Sharp,
two years, and Mrs. W. H. Dunn,
one year.

According to the provisions for the
commission, as approved by the voters
of the city at the last election, the
mayor appoints the first commission,
each member for a different length
term, and then when vacancies oc-
cur, the mayor then in office will
fill that place by appointment.

This commission will have full
charge of Centennial park, taking the
administration of the park out of the
hands of the service department,
which has been in charge since the
land for the park was given to the
city in 1907.

Such a commission was advocated
by the Chamber of Commerce and
the Kiwanis club during the sum-
mer, because the organizations be-
lieved a commission, having only that
to do, could run the park and take
care of it better than a city depart-
ment that has myriad duties to per-
form already.

In addition to being in charge of
the park, the commission will also
have supervision over all other pub-
lic parks, playgrounds and recreation
spots that may ever be constructed.

END OF MITCHELL DEFENSE IS NEAR

Washington, Nov. 25.—With the
end of his defense in sight, Col. Wil-
liam Mitchell today laid before his
jury of generals a mass of official
documents to support his charges that
the war department has ignored the
development of American aviation as
a part of the national defense.

Mitchell produced official records to
show the department ignored recom-
mendations time after time for the
improvement of aerial bombing, the
development of airplanes as airplane
carriers, and the use of the latest
inventions in aerial warfare. As a re-
sult, Mitchell contended, the na-
tional defense was weakened and
America lagged far behind foreign
nations in the strength of her air
force.

Mrs. Tinney Is Going To Marry Frank Again If He's Good Boy

Baldwin, N. Y., Nov. 25.—Mrs.
Edna Tinney isn't going to di-
vorce her comedian husband,
Frank Tinney—she's going to
marry him again. That is if he's
a good boy, Mrs. Tinney revealed
today.

Frank will have to court his
wife all over again and pay more
attention to her even than he did
to Imogene Wilson, the chorus
beauty who followed Frank to
Europe.

"I have done a lot of suffering
since Frank ran away," said Mrs.
Tinney, "and I'll tell you I de-
sire a little fun to make up for it."

Ma Tinney is going to be the
tiring income and Pa Tinney
the serenading swain.

"Frank must send me flowers
and candy, telephone me when he
wants to call and give me a
grand rush before I become Mrs.
Tinney again. Then I will marry
him again. Frank needs a help-
ing hand."

Frank gave his wife an "en-
gagement present" today in the
form of a deed to the Long Island
estate.

"Isn't it nice having a sweetie?"
beamed Mrs. Tinney.

LEADER OF GANG OF BAN KBANDITS HELD IN NEWARK

Newark, O., Nov. 25.—Believed by
police to be the ringleader of a
gang of bank robbers, recently oper-
ating in Michigan, a man giving the
name of Joe Strong was arrested at
a hotel here today.

Two men, believed to be accom-
plices, escaped through a coal hole
in the hotel basement. One giving
the name of Joe Garcia was later ar-
rested in Columbus.

At the same time a Hudson car
bearing New York license 2E3129 was
seized. A full kit of burglar tools
and three heavy calibre revolvers
were found in it.

Officers from towns in Northern
Ohio, Michigan, New York and Penn-
sylvania where the alleged band is
said to have been operating, are ex-
pected to arrive today or tomorrow to
identify the prisoners.

KIP MARRIED GIRL HE LOVED DESPITE COLOR, JURY HEARS

Mother of Quadroon Bride
Says Kip Wanted Mar-
riage Kept Secret.

White Plains, N. Y., Nov. 25.—
Leonard Kip Rhinelander went to the
mother of his quadroon bride, Alice
Beatrice Jones, and asked Mrs. Jones
to keep the marriage a secret. Then
when the published stories that his
bride was the daughter of a negro
reached his ears, young Rhinelander
located to his mother-in-law:

"Never mind. I married the girl I
loved and I don't care."

This was the testimony of Mrs.
George Jones, white haired mother
of Alice, given today at the trial of
the Rhinelander marriage annulment
which charges Alice with con-
cealing her color from her husband.
Mrs. Jones, who testified she was
"pure white" gave her testimony in a
timid tremulous tone.

Under cross examination, Mrs.
Jones burst into tears as counsel for
Rhinelander forced her to admit she
had brought a child named "Ethel"
to America. She admitted between
tears that she was the mother of the
child but refused to tell who his father
was.

When Mrs. Jones was first called
to the stand by Lee Davis, counsel for
Mrs. Alice Rhinelander, she said she
met her husband on an English estate
where he was working as coachman
and she was employed as cook.

Mrs. Jones testified Leonard came
to the house almost every night and
usually stayed over the week ends.

The witness denied vigorously that
she was aware that Leonard had been
intimate with Alice.

Mrs. Jones denied she or her hus-
band had ever told Rhinelander that
Jones' were of Spanish descent.

Then the witness told how Ja-
cobs came to the house when the
papers in the suit were served and
said: "The Ku Klux might kill you all."
burn down the house and kill you all."

After some further cross examina-
tion of Mrs. Jones court was ad-
journed until 2 o'clock.

Boy Takes Father's Earnings To Avoid Having Stepmother

Marietta, O., Nov. 25.—Wedding
bells will not ring for John Popas, of
Belle Valley, for the very good rea-
son that his son, John Jr., stole the
\$150 with which the father planned
to bring the father a stepmother from
far away Slovakia.

The boy is in jail here and laugh-
ingly admits that he stole to thwart
his father's second matrimonial
plan.

The elder Popas, a coal miner,
saved his earnings following the
death of his first wife, to bring an-
other woman from his native coun-
try.

The boy stole the money and went
on a spending tour through the south.
He returned and smilingly sub-
mitted to arrest.

COOLIDGE REMOVES BARRIER TO DEATH OF FAMOUS BANDIT

25-Year Sentence Commuted
So Connecticut Can
Hang Convict.

CHAPMAN REFUSES
TO ACCEPT PARDON

Refuses So Ground For An
Appeal Higher May
Be Established.

Washington, Nov. 25.—President
Coolidge has removed the federal
legal barriers for the hanging by the
state of Connecticut of Gerald Chap-
man, bandit, for the murder of a po-
liceman.

In face of repeated official denials
for two days that the president had
acted in the Chapman case, came the
announcement from the White House
today that Mr. Coolidge on last Mon-
day signed a commutation of the
bandit's 25-year Atlanta sentence for
mail robbery.

There was no explanation of why
the announcement was not made Mon-
day, or why it was officially declared
at the White House only yesterday
that President Coolidge had not de-
termined whether he would accept
the justice department's recom-
mendation to commute Chapman's fed-
eral sentence that he might become
the legal prisoner of Connecticut for
hanging.

Refuses to Accept
Hartford, Conn., Nov. 25.—"I ab-
solutely refuse to accept," said Ger-
ald Chapman, when Warden Scott, in
the presence of two of Chapman's
lawyers, Joseph A. Freedman and
Frank Murphy, both of Hartford, de-
clared President Coolidge's docu-
ment to him, at the wretched state
prison today.

Later, after the warden had retired
and Chapman was in conference with
two lawyers he said:

"I've been expecting this, and of
course, the reason I promptly refused
was to establish ground for an ap-
peal as high as the United States su-
preme court to decide whether or
not I or any one else, must accept a
pardon or a commutation from the
president."

Chapman was reading a book when
the warden and the two attorneys
entered his isolated cell room in
the hospital section close by the new
death house.

DEPOSITS BOMB IN POLICE ROOM

Police Headquarters Are
Thrown Into Panic;
No Explosion.

Washington, Nov. 25.—Police head-
quarters here today were thrown into
a panic when an unidentified white
man rushed into the squad room and
threw what happened to be a bomb
on the floor amid an astonished group
of officers.

"Here's a present for you," shout-
ed the man as he dashed from the
room.

In the confusion the man escaped.
The missile failed to explode.

A hurried examination of the ob-
ject revealed it was filled with nitro-
cellulose, according to the officers
and there was sufficient explosive to
have blown up the building had it
worked.

The bomb apparently failed to go
off, officers said, because it had not
been dropped with sufficient force
to operate the contact device.

Mexico Is Enjoying A Beer War

Mexico City, Nov. 25.—Mexico
is enjoying a beer war.

Two rival breweries have
opened an advertising campaign
to capture the trade of Mexico,
which is not quite large enough to
support two large brewing firms.

A million dollars has been ap-
propriated for advertising pur-
poses and rival bill-posters are
in daily clashes.

Twenty thousand bottles of
free beer was being distributed
daily.

Pershing May Come Home For Holidays

Panama, Nov. 25.—Neither con-
firmation nor denial of reports that
the cruiser, Denver, was going to
Africa, Chile, in order to bring Gen.
John J. Pershing back to the United
States for the Christmas holidays,
was obtainable from the commanding
officers of the vessel which early
today steamed out of this port.

The vessel was simply "going to
sea," according to its officers.

THE DICTATOR

Signor Mussolini is trading in foot-
steps almost obliterated by time, but
he seems to recognize his objective,
and to be determined to reach it.
That his progress is not faster is no
fault of his, but of the age in which
he lives. In Italy's domestic affairs
we have no interest except that of a
friendly observer watching history
repeat itself under modern conditions.

The Dictator declares that his mis-
sion is to restore the best features of
the rules of his ancestors—the old
Romans. By their restoration and
adoption he sees his country return-
ing to the proud position it held under
Caesars, but always there is the re-
garding influence of some democratic
institution. Still, Mussolini marches
forward toward his goal, overcoming
one handicap after another and never
looking backward. When three years
ago he made his triumphant entry
into Rome his aim was to overthrow
a powerful minority and to wrest his
country from its paralyzing grasp. As
time went on power was thrust upon
him, the greater the opposition he
encountered the greater his strength
grew. In beating down an autocratic
minority he was compelled to use the
weapons of autocracy. As the Dicta-
tor waxed strong his methods
changed, but he never lost sight of
his goal.

Today Mussolini occupies a position
held by no other man in Europe. He
is more powerful than the Kaiser in
the heyday of his career. Italy's pre-
mier receives the Roman salute. He
shares position with the king. His
word is law. Parliament is the crea-
ture of his creation and obedient
to his command. The country's press
is his mouthpiece, supporting him
when he commands, silent when he op-
poses. His ministers are his serv-
ants; the army is Mussolini's army.
Here is the modern Caesar, the Napo-
leon of 1935.

Of Italy's future no forecast can
be made. Italy's policy is what Mus-
solini makes it and a dictator cannot
check his own course. Mussolini
must go forward; he can neither
stand still nor retreat. His very
power, partly sought and partly
forced upon him, in his chief embar-
rassment.

SAVING CHRISTMAS TREES

The United States Forest Service
has given its blessing, so to speak,
to the cutting of Christmas trees.
Its chief reason for endorsing the
custom is that the total number used
is comparatively small. Roughly es-
timated, 6,000,000 evergreens consti-
tute the yearly cut for holiday pur-
poses. They could easily be pro-
duced on 6,000 acres of land, by
nursery methods. Several times that
many trees are consumed annually
in the manufacture of toothpicks, and
who, the Forest Service seems to
inquire, is campaigning against this
kind of wood consumption? Also,
6,000 acres cleared of evergreens is
a mere nothing compared with the
14,000,000 acres annually denuded by
forest fires.

All of which may be true, but does
not appear to justify the ruthless
destruction of evergreens every De-
cember for the holidays. If the area
cut annually for this purpose were
promptly replanted, Christmas trees
would eventually become a crop, regu-
larly and happily harvested without
depleting the forests. Also, if care
and skill were always used in glean-
ing the holiday trees from the woods,
so that no trees were cut or injured
except that were later actually used,
the forest loss would be negligible.

One can be heartily in favor of the
joy-giving Christmas tree and still
work earnestly to protect the ever-
green supply. Have your gaily ad-
orned tree next month and enjoy it, but
do your part next summer to prevent
forest fires, and do your part to pro-
mote reforestation by planting a few
living Christmas trees in your yard
or on your farm.

Since Clarence Darrow has come
out against the prohibition laws the
question naturally arises "Has the
liquor business reached so desperate
a condition as that?"—Newark Amer-
ican Tribune.

Christmas
Trees

Washington, Nov. 25.—The season
of the year is approaching when
Christmas greens and decorations
hold the center of the stage. Now and
then one hears fears expressed that
perhaps the supply of Christmas
trees may be exhausted. The Depart-
ment of Agriculture hastens to allay
such fears.

The majority of Christmas trees
are scrub pine which are of little
value except as an aid in celebrating
Christmas or as firewood. Also this
pine re-seeds rapidly so that there is
little danger of a shortage. Some
cedar and hemlock are used, but for
the most part they are too slender
branched to be in great demand. The
better grades of various species of
spruce and fir have been imported
by the southern cities from the north
although during the last two years
these shipments have been somewhat
curtailed by quarantines against the
blister-rust and gypsy moth.

The department has made the sug-
gestion that nurseries be started. It
is said that these require little atten-
tion and the profits are well worth
while. One man in Pennsylvania last
year cleared over \$5,000 during the
holiday season. A side issue which
yields such an income is certainly
worth taking note of.

The suggestion is that farmers
plant unoccupied or unused land in
nursery rows three feet apart each
way, with volunteer seedlings, or col-
lect and sow the seed. While the
market for such material is limited,
alternate rows and alternate trees in
the remaining rows may be cut for
Christmas as soon as the trees reach
sufficient size. The remaining trees,
now six feet apart each way, may be
grown to maturity for stove, lumber
or pulp purposes. The State and Na-
tional Forestry department will advise
as to the best trees adapted to each
section and some state forestry de-
partments will furnish seedling trees
at a very nominal cost.

Exempted From Taxes
A fact which, if generally known,
might aid in popularizing the nursery
idea is that several states have laws
exempting reforested land from taxa-
tion for a period of 20 or more years,
and other states are contemplating
the enactment of similar laws. It
would seem that many people now
paying taxes on land which they are
not cultivating would be glad to avail
themselves of such an opportunity.

Persons who have made a study of
the situation say that there should
be little or no complaint against a
legitimate use of Christmas trees.
The unscrupulous practice of cutting
trees without the owner's permission,
sometimes in large quantities for
market purposes, should certainly be
stopped by the owners and a charge
made for cutting. It is reported that
in some sections of New York state
owners have resorted to spraying
their trees in November with a mix-
ture of lime and glue to make them
unsalable if stolen. This mixture is
washed off by the winter rains with-
out injury to the trees.

The utility holly is largely a coast-
al plant and comes from Massachusetts
to Florida and Eastern Texas.
While many places in the east have
their own supply of holly, a great
many localities are obliged to depend
upon shipments from outside sources.
Large shipments are made from Dela-
ware and the Eastern Shore of
Maryland.

Questions And Answers

By FREDERIC J. HASKIN

Anything, great or small, that concerns the people of a nation is prop-
erly within the province of that nation's government, and our govern-
ment, deals with everything that affects the people. It maintains the
most efficient and far reaching machinery of service that the world has
ever seen. There is in Washington an authority of the first rank on prac-
tically every question touching the well being of humanity. There are
the magnificently equipped laboratories for the study of every problem of
the nation's daily life. Our Washington Information Bureau is in a position
to draw on these vast reservoirs of knowledge and let you benefit through
them. All you need to do is to submit your questions and enclose two
cents in stamps to cover the return postage. Address The Salem News In-
formation Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Do all the big ball parks have
grass diamonds? E. B.

A. All of the Major League ball
parks have grass diamonds.

Q. How many troops are now sta-
tioned in the Philippines? J. B.

A. On June 30, 1925, the troops
stationed there were 4591 Regular
Army, and 6683 Philippine Scouts.

Q. Was the drought in the late
summer and early fall caused by heat
from automobiles? J. T. C.

A. The Weather Bureau says that
such a theory seems untenable. If
14,000,000 pounds of gasoline were
burned hourly in the United States
under most favorable conditions
impossible—not actual—the air
would be warmed only one degree
Fahrenheit in a little over six years.
Then the burning of gasoline pro-
duces water. Roughly, every gallon
of gasoline burned means the crea-
tion thereby, from the gasoline and
oxygen of the air, of a gallon of
water, which is added to the atmos-
phere and thus increases the absolute
humidity.

Q. Why are certain words thorough-
out the King James version of the
Bible italicized? J. H. J.

A. Italics in printing the Bible are
used in cases where it was neces-
sary to insert additional words to
make the translation from the origi-
nal Manuscript intelligible to the
readers of the English text.

MANUFACTURE OF WINES IN HOMES

Washington, Nov. 25.—A drastic order aimed to prevent manufacture of thousands of gallons of home made wine was issued today by L. C. Andrews, assistant secretary of treasury, in charge of prohibition enforcement.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

Bath, N. Y., Nov. 25.—Following the seizure from his cellars of \$90,000 worth of champagne, wine and brandy, Charles Wheeler, proprietor of a government bonded winery at Gibson's Landing, today said he would file a protest with the federal authorities at Washington.

A raiding party, headed by enforcement officers, Chamberlain, and Patton of Buffalo and Sheriff Page of Steuben county, seized the vintage last night and immediately dumped them into Keen's lake. The customary practice of holding the beverages for analysis was ignored. Wheeler's cellars have operated since prohibition as a bonded warehouse. According to federal authorities, Wheeler failed to renew his bond with the government.

The seized beverages amount to 18,000 gallons. Four stills, one of which was said to be found in operation, were destroyed. Wheeler was arrested and held in \$7,500 bond.

SPECIAL CHURCH SERVICES HERE

Two churches, the First Baptist and Church of Our Saviour, will hold special services Thursday morning.

Rev. C. A. Roth, rector of the Church of Our Saviour, announces a celebration of the Holy Eucharist at 10 a. m. In the announcement the pastor says that "if we are loyal to the traditions of our country and are trying to be 100 per cent Americans we will allow nothing to interfere with obeying the time-honored mandate of our president." The mandate referred to is the annual Thanksgiving day proclamation of President Calvin Coolidge.

There will be a Thanksgiving morning prayer service from 7 to 8 a. m. Thursday at the First Baptist church in charge of Rev. George A. Boers. This service, the pastor states, "is open to all who feel led to give thanks for his manifold mercies and pray for further blessings."

The union church service in observance of Thanksgiving day will be held at 7:30 p. m. Wednesday at the Methodist church.

BUS OPERATORS WARNED TO KEEP ON THEIR ROUTES

Columbus, Nov. 25.—Warning was issued today by the state utilities commission to motor bus operators and drivers throughout Ohio against operating their cars off regular routes.

"Drastic and summary action" was threatened by the commissioners in all future instances of this nature.

The warning was prompted by receipt of numerous complaints that drivers had operated off the routes defined for them by the commission. Accompanying the warning, mailed out today by the commission, was a copy of the commission's recent order authorizing the Buckeye Special Transit company, Columbus, to operate over irregular routes on all highways and streets throughout the state.

"Practically all motor bus concerns and individual operators in Ohio, it is understood, are arranging to apply to the commission for authority to operate over irregular routes in order to compete with the Buckeye Special Transit company."

Ferguson today stated the demand for a special session of the Texas legislature to investigate rumors of graft in highway matters was a "move by the Ku Klux Klan to discredit her administration."

Gov. Ferguson refused to make further comment. She did not indicate what her answer will be on the ultimatum sent her by members of the Texas house, in which it is stated that a special session will be convened by the members themselves if she refuses to do so.

The girl, daughter of a Youngstown contractor, was last seen by her relatives on Nov. 14, where she supposedly left for Youngstown to go to the bedside of her mother, who was believed dying.

Most Picturesque Character Departs From Wall Street

Field has had a spectacular career. In 1909 he made \$120,000 in 20 minutes during a wild flurry in Rock Island stocks.

He is quitting because of his doctor's orders.

RECOVERIES IN STOCKS

New York, Nov. 25.—Recoveries in the motor, oil and industrial stocks featured the stock market at the opening today. Chrysler Motor was up 1/2 at 174; General Motors up 1/2 at 199; Hudson, Willys Overland, Studebaker and United States higher fractionally higher.

Norfolk and Western led the rails, opening 1/2 higher at 14 1/2, and selling above 14 1/2. Du Pont opened 2 points higher at 209; Brooklyn Union Gas up a point at 94; United States Steel up 1/2 at 12 3/4; Standard Oil New Jersey up 1/2 at 43 1/2.

Tuesday's closing rally in stocks under selling pressure was continued in the early trading today, with most of the motor, oil, rail and industrial stocks in moderately higher price groups. United States Steel led a vigorous movement in the industrial group, reaching 12 3/4, compared with yesterday's low price of 12 1/4. American General Motors, Chrysler, New York Central and other speculative leaders moved from 1 to 5 points above the previous close. Public utility and equipment stocks regained most of their losses.

Outside trading was restricted by the imminence of the Thanksgiving holiday tomorrow, and the ever-recurring weekly problem of the Reserve bank rediscount rate, the directors of the bank having announced their decision to meet at the close of the market today.

Summarizing their condition resulting from the bearish operations in the last two weeks, the brokerage houses reported a heavy decrease in their speculative loan accounts, showing that considerable liquidation had taken place, particularly in the motor stocks. Other houses reported an increase in their loans on railroad stocks, which it is believed were largely substituted for the motor stocks. There was little change in the situation in the oil and consumer stocks. Short covering furnished the principal incentive for the purchasing of motor and industrial stocks, and the market as a whole was dull.

Chrysler Motor sold up 6 points at 174 1/2 on reports that the dividend rate on the new capitalization would be \$4 a share annually. Norfolk and Western was a leader in the railroad list, and sold around 150 on reports that the Pennsylvania railroad would consolidate the road with its main lines, giving 3 shares of Pennsylvania stock for one of Norfolk.

Pittsburgh, spurred 99 points to 115. Atchafalaya, New York Central and other dividend rails sold about a point higher, and Baldwin Locomotive advanced steadily to 125 1/2, up 2 1/2.

European selling of the French franc before the opening of the American markets resulted in sharp decline in French currency to a new low for the year. Call money was in good supply at 4 1/2 percent.

COURT NEWS

Salem Couple Divorced

A decree of divorce has been granted by Judge James G. Moore to Alice O. Waldron of Salem against her husband, Charles H. Waldron. In the original petition filed by this plaintiff, extreme cruelty was set up, and it was upon this ground that the decree was handed down. There has been an agreement relative to certain property rights between the plaintiff and defendant in this case and this agreement has also been approved by the court.

Mrs. Waldron has been restored to her maiden name, that of Alice O. Roman.

Salem Case Settled

William Jackson of Salem, who was given a judgment in a justice of the Peace court at Salem in actions filed against Steve Chackalas and Ethel Lafayette, has reached a settlement with the defendants after the case was appealed to common pleas court. The two remaining actions which have just gone before Judge Moore have been settled without action on the part of the higher court, and the costs have been paid.

Judgment For \$7,772

Judgment for \$7,772.75 has been rendered by Judge James G. Moore in common pleas No. 1 in the case of the First National Bank of East Palestine against F. E. Kinnear and Maude E. Kinnear. The plaintiffs were represented by Attorney Walter W. Beck of Lisbon, while Metzger and McCarthy of Salem represented the defendants.

In this action, which was filed last July, the bank sought a judgment for \$7,511.19, foreclosure and other equitable relief. A jury was waived when the case was called and there was a trial to the court.

A motion for a new trial, if one is filed, is overruled and a judgment on the findings in favor of the plaintiff has been rendered, and also for the foreclosure of a mortgage. A levy ordered in a prior case has been set aside by the court.

\$10,000 Damage Case Fails

In the \$10,025 damage case tried in common pleas court No. 2 before Judge John B. Worley last week of John McIntosh against Margaret Pitts, a motion was heard by the court to set aside the verdict which was for the defendant and also a motion to grant a new trial.

The court has overruled both motions, and a judgment for his costs has been made a matter of record.

This case is one that grew out of an automobile accident. The plaintiff was a passenger in another car at the time of the accident. Two other actions filed against the same defendant have been withdrawn by counsel, as after the verdict in what was considered the "strongest" case was read, counsel for the two other plaintiffs did not deem it wise at this time to continue their cases in court.

Claim Reduced

Judgment for \$300 has been rendered by a jury in the case of E. E. McCartney who sought \$600 damages for the sale of a locomotive boiler to the Citizens Ice Corporation. The action was filed May 19, 1924. The defendant refused to pay the \$600 claimed by the plaintiff, and it was upon this refusal that the court action was based. The jury was out but a short time before a verdict was returned, the claim being cut in half.

Restraining Order Stands

A motion for a new trial has been overruled in the case of Belle Burkhardt of Salem against Samuel Patilla, wherein an injunction and equitable relief was sought. Recently when this case went to trial in common pleas court, a permanent restraining order was granted against the defendant from obstructing a passageway between properties of the plaintiff and the defendant. When the motion for a new trial was heard, the defendant filed his exceptions to the ruling of the court.

High Blood Pressure Often Brought On by an Unhealthy Liver

Diseases of heart, kidneys, blood vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier. The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall.

Get from your drug list a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package. Test Dioxol free. No other coupon now.

CHAPMAN DODGES NOOSE THROUGH HABEAS CORPUS

New Haven, Conn., Nov. 25. George Chapman, "super bandit" and alleged murderer, has again escaped the noose, for the time at least. He will not die in the gallows at the state prison at Wetherfield or Dec. 3 for the murder of James Skelly, a New Britain (Conn.) policeman, a year ago.

The notorious bandit has gained more time by means of a writ of habeas corpus presented by Chapman's counsel and granted by United States district judge, Edwin S. Thomas.

The writ says that Chapman still is a federal prisoner. Consequently, Chapman's counsel contends, he can not be executed until he has served his 25 year sentence in Atlanta for robbery.

The writ directs that Chapman be produced before Judge Thomas next Monday in the board of pardons room in the state prison.

Chapman's counsel informed the federal judge that Gov. Trumbull of Connecticut has agreed that as soon as he was informed of the issuance of the habeas corpus he would sign a reprieve for the convicted murderer.

BRINGING UP FATHER

BY GEORGE McMANUS

Thanksgiving Day

Over three hundred years ago, after a bountiful harvest, the New England colonists "set apart a day for the giving of thanks with feasting and prayer."

The custom still prevails but to many Thanksgiving means only pumpkin pie, turkey and other good things to eat.

But thankful indeed is the thrifty man who enjoys his pumpkin pie and turkey with the knowledge that a growing SAVINGS ACCOUNT provides for tomorrow as well as for today and that there will be pumpkin pie and turkey again next Thanksgiving.

LEFT BLOC PLANS TO FORM CABINET IN FRENCH CRISIS

Paris, Nov. 25.—Plans for a left bloc cabinet were formulated today at a meeting of the leaders of the four groups of the left bloc.

Anticipating the failure of Senator Doumer to form a government, the left bloc leaders met and agreed upon a plan for a cabinet, with Aristide Briand as premier. The Socialists have agreed to participate in such a cabinet.

The bloc leaders were of the opinion that M. Edouard Herriot was the logical man to head a left bloc cabinet, but Herriot refused and then chose then fell upon Briand.

It is understood that Senator Doumer's efforts are certain to fail and that the president will then summon M. Briand and invite him to make a new attempt to form a cabinet.

Love Pirate Poses As Clergyman, Gets Money From "Flock"

Columbus, O., Nov. 25.—Credited with styling himself as "a love pirate" and with confessing that he obtained from \$500 to \$1,000 monthly from women members of his "flocks" while posing as a clergyman, Oliver P. Smith, alias Paul Smith, today awaits consideration of his case by the Franklin county grand jury.

Smith has been bound over under \$5,000 by Municipal Judge Berry, on a charge of obtaining money under false pretenses.

According to local police authorities, Smith admitted also that he occasionally falsely represented himself as a widower looking for a housekeeper. Before employing a woman, Smith is alleged to have admitted he would ascertain the condition of their finances.

TWO LISBON TEAMS HERE THURSDAY

Salem and Lisbon Highs To Meet at Reilly Field In Morning; Schafers and United Cigars Clash In Afternoon

Lisbon football fans will come to Salem Thursday prepared to spend a full day. Two games between teams of the two cities are scheduled for Reilly field here.

At 10 a. m. Salem and Lisbon High elevens close the scholastic season. At 2:45 p. m. the Salem and Lisbon professional teams meet in their annual Turkey Day battle, these two teams being the Schafer Billiards and United Cigars.

Both games hold an equal interest for the fans as both are big contests and will mean splendid games. Salem and Lisbon, traditional rivals, will play before probably the largest crowds of the year if the weather is bright.

The Salem teams are both favored to win Thursday but one can never tell in football. Lisbon High, with a high but scrappy and fast outfit, bids fair to push Salem to its full strength in the win.

In fact Lisbon partisans claim that Lisbon will hold Salem to a very low score, and the Blue may do just that.

Lisbon High Speedy
The Red and Black have a tendency to regard Lisbon as a mere fly to be brushed away. The team has let down somewhat since the Letonia game, and this spirit will have to be revived or Lisbon may bring a surprise.

Captain Willie Cornelli will bring to Salem one of the fastest backfields ever to represent a county school. Willie himself is known for his fleetness of foot for the mid-quarter snooked off a long run for a touchdown last year that threw a big scare into Salem. The other three members of the backfield are Neigh, Hum and McVeigh. Garwood, another well known veteran, will be seen at right end, next to Lewton at tackle.

The speed of this veteran Blue team is utilized in end runs, sparkling pass formations, and quarter-back snooks. If the field is dry Lisbon may unleash a whirlwind of runs. A muddy field would aid Salem with a heavier team, but the fans want a dry field so that Lisbon may be able to try all of its stuff against the big Red aggregation, for even with all its power Lisbon should not be able to defeat Salem.

Tackle Older, injured since the Wellsville game, is rounding into shape and may play Thursday, at least part of the game. Springer is not taking any chances with his star for basketball season is just ahead and Older, candidate for guard on the five, needs to have his leg in the best shape.

Seniors are expected to get the call for most positions since nine varsity men and five subs will graduate next June.

Big Game In Afternoon
Part No. 2 of the Thanksgiving gridiron program will feature two nearly evenly matched teams, with the Schafers the slight favorite despite the Sebring game last Sunday. That defeat has brought the Billiards to their senses and for once they are diligently doing some practicing this week. Manager Joe Kelley had the squad in his office for a going over Monday night, and Tuesday night a skull practice was held. Wednesday night a two hour session is scheduled which every member of the team must attend.

Lisbon will bring to Salem a team of old-time stars, with some of the graduates of Lisbon High last year. Rumor has it that East Palestine and Alliance gridders will don Lisbon uniforms for the game, but whether or not any big stars will be loaded up, is not known. The Schafers believe they have a first rate organization as is and no new stars will make their appearance.

Both teams, more or less familiar with each other's signals, are expected to use the huddle system of signals Thursday afternoon. Who will call the Salem plays has not yet been determined.

Salem and Lisbon played to a tie game in the rain at Lisbon two weeks

HOG PRODUCTION FIGURES SOUGHT BY GOVERNMENT

Since there is misunderstanding on the part of some farmers in this locality as to the usefulness of the information as to hog production and crop acreages, obtained from the cards distributed by the rural mail carriers, Postmaster F. J. Eckstein has requested The News to publish the following statement furnished him by the United States Department of Agriculture.

"These surveys are made with the help of the rural carriers, who either distribute the cards to a certain number of farmers along their routes, with the request that these be filled out, or the carrier fills out the card himself by interviewing the farmer. The carrier is instructed to get information from farms which will give a good average picture or sample of farms on his route, preferably by taking all of the farms along a part of his route, big and little, good and poor, owned and rented.

"If a fair sample of all farms is returned in each state, figures for those farms should show the same changes as all farms. It is impossible to take an actual census, so changes in production and acreage each year must be estimated from samples. The nearer these samples are to being exact, the more correct will be the estimates.

"The need and value of such information for individual farmers and agriculture in general hardly need be stressed. Without dependable information as to actual production and trends of production both of live-stock and crops more balanced pro-

duction and better market distribution are impossible.

"The Department of Agriculture is the best qualified agency to undertake such work, but the accuracy of its estimates depend upon the accuracy of the returns made by farmers.

"The beneficial effects that such information may have upon price is shown by the level of hog prices during the winter of 1924-25 compared to the previous winter. The pig surveys of June and December 1924 showed a decided decrease in hog production in 1924 compared to 1923. Marketings, however, during the winter from the 1924 crop were almost as large as the previous winter, and in December and January were the highest on record. In spite of these heavy marketings, hog prices were from \$2 to \$3 per hundred higher than during the winter before. The heavy marketings were rightly interpreted as being an early marketing of a smaller number of hogs caused by a short corn crop and not as indicating a correspondingly larger number of hogs.

"But unless these estimates can be kept dependable the trade will disregard them and will be guided either by private estimates or by actual marketings as these take place. Therefore, every farmer should help to

make these reports accurate by making the report for his own farm complete and accurate."

Lodz, Poland—"No more barmalade" is the ruling of the labor inspector here. Saloons that have always employed women have been forced to discharge them and hire men.

Washington—A conference on women in industry will be held in Washington, Jan. 18 to 21 under the auspices of the labor department.

Good Dispositions Invaluable

"You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. May's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. At all druggists."

RUTH BOUGHT FOR \$100,000. FEDERAL BOARD REVEALS

Washington, Nov. 25.—An echo of the sale of Babe Ruth by the Boston Red Sox to the New York Yankees appeared at the treasury today when the federal board of tax appeals decided that the Boston club owes the government an additional tax of \$27,075 in the transaction that sent Ruth and Carl Mays to the Yankees.

Incidentally, it was disclosed in the records that the sale price of the swat king was \$100,000 and for Mays, \$100,000. In the latter case, however, two players figured, Allen Russell and Robert E. McGraw.

Aces Play Sebring At Washingtonville

SPORTS ACES PLAY
The Washingtonville Aces, light-weight champions of Columbiana county, will tackle the last Sebring Reserves at 2:30 p. m. Sunday at Foresters field, Washingtonville.

The Aces have lost one game this year and only three games in two years.

In a previous encounter the two teams played to a scoreless tie and a good game is expected Sunday.

The Aces have a strong lineup and several ex-high players are on the team.

Pride in Performance
When a man drives a Rickenbacker Six he knows that no one can pass him on the road—unless he gives consent. He knows that when he comes to a hill—no one can go up faster. He knows that in traffic he can get away first. He knows that, in an emergency,

by applying his brakes the car will stop—absolutely—and yet smoothly, without skid or jar. It is these qualities—the powerful, yet silent motor, the wonderful springs and the absence of noise and vibration—that make this car first choice of men who know most about motorcars.

TWO LISBON TEAMS HERE THURSDAY

Salem and Lisbon Highs To Meet at Reilly Field In Morning; Schafers and United Cigars Clash In Afternoon

Lisbon football fans will come to Salem Thursday prepared to spend a full day. Two games between teams of the two cities are scheduled for Reilly field here.

At 10 a. m. Salem and Lisbon High eleven close the scholastic season. At 2:45 p. m. the Salem and Lisbon professional teams meet in their annual Turkey Day battle, these two teams being the Schaffer Billiards and United Cigars.

Both games hold an equal interest for the fans as both are big contests and will mean splendid games. Salem and Lisbon, traditional rivals, will play before probably the largest crowds of the year if the weather is alright.

The Salem teams are both favored to win Thursday but one can never tell in football. Lisbon High, with a light but scrappy and fast outfit, bids fair to push Salem to its full strength to win.

In fact Lisbon portisans claim that Lisbon will hold Salem to a very low score, and the Blue may do just that.

Lisbon High Speedy
The Red and Black have a tendency to regard Lisbon as a mere fly to be brushed away. The team has led down somewhat since the Leontonia game, and this spirit will have to be revived or Lisbon may spring a surprise.

Captain Willie Cornelli will bring to Salem one of the fastest backfields ever to represent a county school. Willie himself is known for his fleetness of foot for the midge quarter sneaked off a long run for a touchdown last year that threw a big scare into Salem. The other three members of the backfield are Neigh, Hum and McVeigh. Garwood, another well known veteran, will be seen at right end, next to Lewton at tackle.

The speed of this veteran Blue team is utilized in end runs, sparkling pass formations, and quarter-back sneaks. If the field is dry Lisbon may unlose a whirlwind of runs. A muddy field would aid Salem with a heavier team, but the fans want a dry field so that Lisbon may be able to try all of its stuff against the big Red aggregation, for even with all its power Lisbon should not be able to defeat Salem.

Tackle Older, injured since the Wellsville game, is rounding into shape and may play Thursday, at least part of the game. Springer is not taking any chances with his star for basketball season is just ahead and Older, candidate for guard on the field, needs to have his leg in the best shape.

Seniors are expected to get the call for most positions since nine varsity men and five subs will graduate next June.

Big Game In Afternoon
Part No. 2 of the Thanksgiving gridiron program will feature two nearly evenly matched teams, with the Schafers the slight favorite despite the Sebring game last Sunday. That defeat has brought the Billiards to their senses and for once they are diligently doing some practicing this week. Manager Joe Kelley had the squad in his office for a going over Monday night, and Tuesday night a skull practice was held. Wednesday night a two hour session is scheduled which every member of the team must attend.

Lisbon will bring to Salem a team of old-time stars, with some of the graduates of Lisbon High last year. Rumor has it that East Palestine and Alliance griders will don Lisbon uniforms for the gray, but whether or not any big stars will be loaded up, is not known. The Schafers believe they have a first rate organization as is and no new stars will make their appearance.

Both teams, more or less familiar with each other's signals, are expected to use the huddle system of signals Thursday afternoon. Who will call the Salem plays has not yet been determined.

Salem and Lisbon played to a tie game in the rain at Lisbon two weeks

HOG PRODUCTION FIGURES SOUGHT BY GOVERNMENT

Since there is misunderstanding on the part of some farmers in this locality as to the usefulness of the information as to hog production and crop acreages obtained from the cards distributed by the rural mail carriers, Postmaster F. J. Eckstein has requested The News to publish the following statement furnished him by the United States Department of Agriculture.

"These surveys are made with the help of the rural carriers, who either distribute the cards to a certain number of farmers along their routes, with the request that these be filled out, or the carrier fills out the card himself by interviewing the farmer. The carrier is instructed to get information from farms which will give a good average picture or sample of farms on his route, preferably by taking all of the farms along a part of his route, big and little, good and poor, owned and rented.

"If a fair sample of all farms is returned in each state, figures for those farms should show the same changes as all farms. It is impossible to take an actual census enumeration of all farms each year, so changes in production and acreage each year must be estimated from samples. The nearer these samples are to being exact, the more correct will be the estimates.

"The need and value of such information for individual farmers and agriculture in general hardly need be stressed. Without dependable information as to actual production and trends of production both of livestock and crops more balanced production and better market distribution are impossible.

"The Department of Agriculture is the best qualified agency to undertake such work, but the accuracy of its estimates depend upon the accuracy of the returns made by farmers.

"The beneficial effects that such information may have upon price is shown by the level of hog prices during the winter of 1924-25 compared to the previous winter. The pig surveys of June and December 1924 showed a decided decrease in hog production in 1924 compared to 1923. Marketings, however, during the winter from the 1924 crop were almost as large as the previous winter, and in December and January were the highest on record. In spite of these heavy marketings, hog prices were from \$2 to \$3 per hundred higher than during the winter before. The heavy marketings were rightly interpreted as being an early marketing of a smaller number of hogs caused by a short corn crop and not as indicating a correspondingly larger number of hogs.

"But unless these estimates can be kept dependable the trade will disregard them and will be guided either by private estimates or by actual marketings as these take place. Therefore, every farmer should help to make these reports accurate by making the report for his own farm complete and accurate."

Lodz, Poland—"No more barmaids" is the ruling of the labor inspector here. Saloons that have always employed women have been forced to discharge them and hire men.

Washington—A conference on women in industry will be held in Washington, Jan. 18 to 21 under the auspices of the labor department.

"You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. May's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Pride in Performance
When a man drives a Rickenbacker Six he knows that no one can pass him on the road—unless he gives consent.
He knows that when he comes to a hill—no one can go up faster.
He knows that in traffic he can get away first.
He knows that, in an emergency, by applying his brakes the car will stop—absolutely—and yet smoothly, without skid or jar.
It is these qualities—the powerful, yet silent motor, the wonderful springs and the absence of noise and vibration—that make this car first choice of men who know most about motorcars.

CHAPLIN AT GRAND

The Alaska of the day of the Klondike gold rush; the lone prospector; miners, big and little and old and young; dance halls and dance hall girls and hangers-on; mining camp types of all sorts; assayers, ships' officers and crews; incoming and outgoing passengers; newspaper correspondents and photographers—this is the locale and these are the people pictured in Charlie Chaplin's new comedy, "The Gold Rush."

"The Gold Rush" is booked as the feature attraction for the Grand tonight and the rest of the week.

The picture is in nine reels and, photography experts declare the ninth has more laughs in it than the first and that the first is better than any previous Chaplin laugh producer.

Chaplin portrays the lone prospector, and others in the cast are Mack Swain, Tom Murray, Georgia Hale, who has the leading feminine role, Malcolm Waite and Henry Bergman.

AT THE STATE

"The Ancient Highway," produced for the screen by Irvin Willat from the story by James Oliver Curwood comes to the State tonight. Jack Holt, Billie Dove and Montagu Love are featured in the leading roles of the picture, which was adapted for the screen by James S. Hamilton and Ewe Uscell.

The story is a romance of high

hearts and open roads—an outdoor picture of the most virile type. The picture gets its name from the fact that most of the action takes place on a famous stream flowing through the quaint regions of Quebec.

Some of the high spots include: the hero (Holt) traveling all around the world to Canada to beat up a man who had killed his father; the result is a terrific scene fight; Holt racing down a raging torrent in a frail canoe ahead of a million on-rushing logs.

A four thousand ton steamship was blown up 40 miles off Sandy Hook to provide one of the smashing action scenes in "The Ancient Highway," booked as the State's picture on Friday and Saturday. Doris Kenyon and Lloyd Hughes have the featured roles in this First National attraction.

"THE WIZARD OF OZ"

Remember the Scarecrow? And the Tin-Man? And Little Dorothy? And the Lion? And the Wizard? And the cyclone and all the other thrilling, and fun in the land of Oz? Well they are all brought to life in the Chetwick Pictures Corporation screen version of the famous fantastic spectacle "The Wizard of Oz," which is scheduled to be shown at the High School auditorium Thursday, Friday and Saturday as a benefit for the purchase of a radio for the High School.

This famous story has been familiar to the world for the past 26 years. Adults have been fascinated and charmed with its whimsical humor which is worthy of the pen of a Barrie; children have been delighted with it, reading it again and again.

Larry Semon, portrays the role of the "Scarecrow" originated by Fred

Stone and it is said that Mr. Semon's characterization is one of the most remarkable portrayals ever given in motion pictures. The star however does not carry all the honors of the production, a stellar cast which includes the names of such sterling screen favorites as Bryant Washburn, Charlie Murray, Virginia Pearson, Dorothy Dwan, Mary Carr and others assist in making this scene novelty one of the outstanding features of a season noted for big screen hits.

NEW WAR PICTURE

Military experts have been engaged to aid in the filming of "Behind the Front," which Edward Sutherland is directing for Paramount. The cast features Wallace Beery, Raymond Hatton, Mary Brian and Richard Arlen.

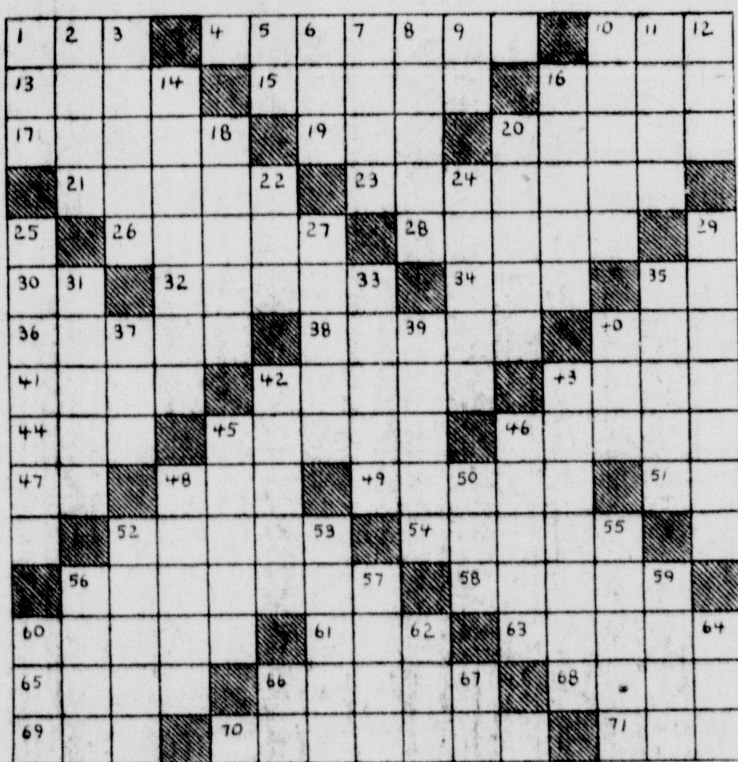

The technical supervision is not only for uniforms and war equipment but is being applied to the general handling of the large bodies of troops used in the picture and the staging of the scenes in France in a manner which will meet the approval of the members of the A. E. F.

Lancaster—The high school at Bremen, southwest of here is the only educational institution known to recognize rabbit hunting as a sport equal to football and basketball. When the hunting season opened last Bremen high boys were dismissed for a day in the woods and fields to slaughter the elusive cotton tails.

Mt. Sterling—The eight point deer, roaming at large in this section, was last sighted by Irvin Napper, a farmer. The animal is believed to have escaped from the game preserve in southern Ohio.

TODAY'S RECIPES

Escalloped Spare Ribs—Pare four medium sized potatoes, cut in slices, put on to boil in salted water just enough to cover, cook until almost done. Open can of roasted spare ribs, pour off brown gravy, add water from potatoes and a little flour to thicken. Put potatoes in glass baking dish with a dash of pepper, lay spare ribs on top of potatoes, pour gravy over all, put on lid and bake slowly three-quarters to one hour. Fresh spare ribs browned in oven can be used the same way. The dressing may be made of stale bread, soaked in cold water, the water squeezed out, add one egg, salt, pepper, minced onion, and a little gravy.

Apples with Marshmallows—Pare apples, cut in quarters, put in single layer in pan to keep from burning, bake until done. Take from oven, cut marshmallows up in small pieces, cover apples, put in oven and let brown and melt a minute. Lift out with pancake turner.

THANKSGIVING SUGGESTIONS
 A stuffing in which mashed potatoes and apples are combined is particularly suitable for goose or duck. Equal parts of the mashed potato and apple are used with the usual proportions of salt and butter, but with the baking powder and pepper omitted. Seasonings of sage and a very little finely chopped onion are appropriate. Mashed potato, with the same seasonings, may be used alone. To the potato stuffing, as to almost any stuffing for fowl, raisins make a tasty addition.

Giblet Gravy—Clean the giblets and cook them until tender in water enough to cover. Save the water in which they were boiled; put over the fire in a saucepan a heaping tablespoon each of butter and flour and stir in the chopped giblets and broth. If there is not enough broth to make a gravy of the proper consistency add a little boiling water. Season the gravy palatably with salt and pepper; let it boil for a moment and serve.

Brown Gravy for Roast Goose or Geese—After the geese is roasted or baked pour nearly all the fat out of the pan but do not pour away the brown part of the drippings. Put the pan over the fire, stir into it a heaping tablespoon of flour and let the

Chanel offers smart jumpers and skirts in all the new shades worn with a jersey and tie of the newest sort in silk and wool. Lanvin is showing a charming sport costume in char treuse kasha in two pieces with an amusing touch of embroidery and Lucien Lelong likes an ensemble of blue kasha with a severely tailored coat matching. Dreccell also uses kasha pleated and striped in Camail effects and Chantal is showing an extremely attractive novelty in shetland wool edged with blue kasha and a pleated skirt.

Movie Film Industry Is Scored In Attack On Monopoly

Washington, Nov. 25.—The motion picture industry was severely attacked today by H. W. Fuller, counsel for the federal trade commission, in his argument on the government's allegation of a conspiracy and monopoly against the Famous Players-Lasky corporation, and allied picture interests.

The fourth largest business in the country, the motion picture industry, wields a tremendous power for good or evil, and in many instances, is using this influence in a detrimental way upon the nation, Fuller charged.

"Law enforcement as depicted upon the screen has been made a farce," he said.

Fuller assailed the production of "general triangle" films, and then asked the commission: "Do you want your sons and daughters to see such pictures?"

"No, these pictures are harmful to the youth of the land."

Fuller said that Adolph Zukor, president of the Famous Players, had repeatedly declared "his purpose to

control and dominate the motion picture industry."

As an example of Zukor's activities, Fuller cited the movie magnate's attempt to force the retirement of Mary Pickford from the screen.

Fuller minced no words in his portrayal of Zukor. He compared the movie magnate to "a western bandit, bold and brazen, who enters a room and says, 'Hasta up!'"

He went at some length into Zukor's plan to acquire control of picture exhibition in nine southern states through creation of the Southern Enterprises, Inc., and its absorption of independents, citing many instances where this had worked out to the hardship of the smaller party.

One case he cited in particular was that of R. C. Joel, of Lakeland, Fla., who invested \$10,000 in a picture theatre, and was "forced," Fuller said, "by the Paramount wrecking crew" to sell out for \$7,500.

Miss Virginia Seiden is a traffic expert in Washington, D. C., where she has been appointed head of the public service for a bus line.

GRANDMOTHER IS SHOCK VICTIM AS FIRE KILLS GIRL

Cleveland, Nov. 25.—Mrs. Margaret Shireman, 67, and her granddaughter Mary Lou Lemon, 13, were dead today.

The little girl died of burns received yesterday afternoon, when her clothes caught fire from an open gas fire in the Lemon living room, while her grandmother died within five minutes of receiving news of the fatal outcome of the girl's injuries.

Almost inseparable companions, a double funeral was being planned by the family, so that even in death they might not be apart.

Mrs. Shireman was reading to her granddaughter yesterday afternoon. As she finished the story, her granddaughter rose to put it away. Her dress got too near the gas fire and in a moment she was a sheet of flame.

Mrs. Shireman attempted to put out the flames with a sweater, then rolled her granddaughter in a rug. However, the burns were too serious, and death occurred a few hours later at the hospital where she was taken.

The woman died of shock, according to physicians.

Mary Lou, when five years old, lost her voice, following an attack of

diphtheria. Her education had been in the hands of her grandmother.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.
